

# Ben Campbell Photography

---

Ben Campbell has been a professional photographer for more than 5 years, with experience covering events both local and overseas. Campbell photographed at the Basketball World Champs in Japan, 2006 and the following year travelled to Samoa to cover the Head of State King Malietoa Tanumafili II's funeral. Locally he has covered events ranging from music festivals, to sports tournaments, to school events such as the Auckland Girls Grammar school ball. Ben Campbell Photography is offering school culture groups at the ASB Polyfest an opportunity to acquire a CD of images of their performances.

- Each CD would contain approximately 100 high resolution images. Ben Campbell Photography attempts to photograph every participant.
- You would then be able to email the photos to friends and family around the world and, for example, have use of the images for your school's end of year magazine.
- Photos of your group's performance will not be used for commercial value apart from requests from local magazines and other media outlets.

Cost for each CD is \$125 + GST. In a group of 15 members this is less than \$10 per participant. A discount is offered if a school has more than 3 groups wanting a CD; schools in this situation will only pay \$100 + GST for each.
